

United Curriculum Mathematics

Year 9 Assessment 2026-27 Topic Summary

Mid-Year	End-of-Year
Number	Number
9.01 Decimal Manipulation	9.01 Decimal Manipulation
9.02 Estimation and Limits of accuracy	9.02 Estimation and Limits of accuracy
9.03 Related Calculations	9.03 Related Calculations
9.04 HCF & LCM of large numbers	9.04 HCF & LCM of large numbers
9.05 Fraction Calculations	9.05 Fraction Calculations
9.08 Standard Form	9.08 Standard Form
Algebra	Algebra
9.06 Algebraic Manipulation	9.06 Algebraic Manipulation
9.07 Index Laws	9.07 Index Laws
9.09 Expanding & Factorising 2	9.09 Expanding & Factorising 2
	9.10 Forming expressions & substitution
	9.13 Solving equations 2
	9.14 Inequalities 1
	9.15 Sequences
	Geometry and Measure
	8.15 3-D visualisation
	8.16 Volume
	9.16 Pythagoras
	9.17 Interior and Exterior Angles
	9.18 Vectors 1
	9.19 Transformations 1
	Ratio, Proportion and Rates of Change
	9.11 Direct and Inverse Proportion
	Probability
	9.12 Probability 1

All Year 7 and 8 content is also assessable in Year 9.

This topic summary provides an overview of the substantive knowledge that will be assessed on the Year 9 Assessment.

For full details of assessed content see the Specification (available at unitedcurriculum.org.uk/assessment).

For sample papers please contact CurriculumEnquiries@unitedlearning.org.uk.
